Online Abstract Service

CVIT2023 offers an online abstract service (web/app) that allows you to search for abstracts and register your schedule.

You can search for sessions and abstracts you wish to attend and register them as your schedule to create your original schedule during the CVIT2023 and your original abstracts. *1

Please download and use the service with various mobile devices. *2

*1 The original abstracts function is only available in the web version.
*2 Synchronization between the web version and the app version is also possible.

You will need to enter your password when viewing abstracts for the first time on the app version and when logging in to the web version. Only those who have completed registration will be provided with the password.

*After the releasing, The congress secretariat will send an email to registered participants.
* The information for the Online Abstract Service will also be included in the registration and payment completion e-mail after it is released.
